

REGISTER

Go to the Router Limits Pro Portal and create your free reseller account: <https://pro.routerlimits.com/>

The screenshot shows the registration page for Router Limits Pro. The page title is "Register To Become A Router Limits Pro" with a subtext "Please fill out this form to get started." The form is divided into two main sections: "Company" and "Account Contact".

Company Section:

- Legal Name* (text input)
- Street Address/ PO Box* (text input)
- Suite/Unit/Building (text input)
- City* (text input)
- State* (dropdown menu)
- Zip Code (text input)

Account Contact Section:

- First Name* (text input)
- Last Name* (text input)
- Email* (text input)
- Phone* (text input)

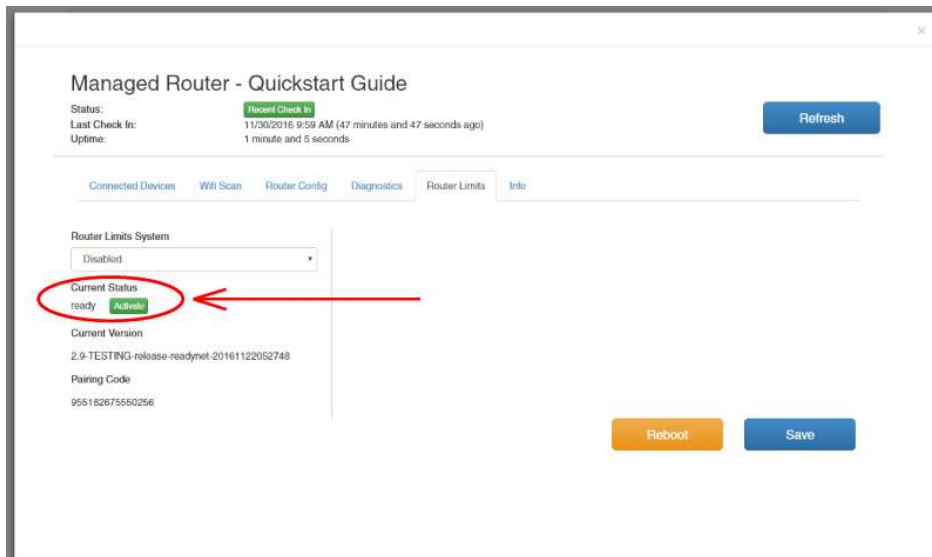

A blue "SUBMIT" button is located at the bottom right of the form.

ENABLE

Prepare the router for use with Router Limits in one of two following ways (choose A or B):

A) From within RNControl.com (<https://rncontrol.com/>):

- 1) Click the "Router Limits" tab
- 2) Choose "Enabled" in the drop-down & click "Save" & "Reboot"
- 3) Click "Activate" (this will open the Pro Portal)

The screenshot shows the "Managed Router - Quickstart Guide" page in the RNControl.com interface. The page displays system status information and configuration options for Router Limits.

Status Information:

- Status: Recent Check In
- Last Check In: 11/30/2016 9:59 AM (47 minutes and 47 seconds ago)
- Uptime: 1 minute and 5 seconds

Navigation Tabs: Connected Devices, Wifi Scan, Router Config, Diagnostics, Router Limits, Info

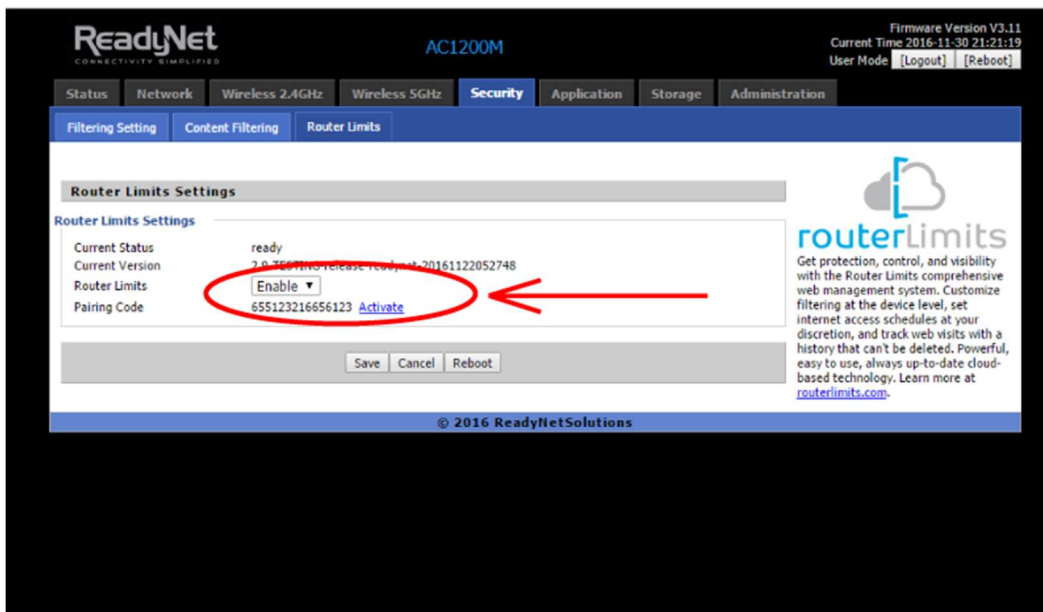

Router Limits System Configuration:

- Router Limits System: Disabled (dropdown menu)
- Current Status: ready Activate (highlighted with a red circle and arrow)
- Current Version: 2.9-TESTING-release-readynet.20161122052748
- Pairing Code: 955182675550256

Buttons: Reboot (orange), Save (blue), Refresh (blue)

B) From within the router's UI (192.168.11.1):

- 1) Click the "Security" tab
- 2) Click the "Router Limits" tab
- 3) Choose "Enabled" in the drop-down
- 4) Click "Save" & "Reboot"
- 5) Click "Activate" (this will open the Pro Portal)

ACTIVATE

Turn on the Router Limits service from within the Pro Portal. Activating your Personal Use Program (PUP) account will give you free lifetime service for testing purposes, and to experience the product the same way your customers will.

- 1) Click the "Activate for Personal Use" button
- 2) You'll get a confirmation email...click the verification link
- 3) Login and explore Router Limits through the customer facing portal
